PRESENT CAUSE OF LABOR MEN

Mr. W. E. Seal Before the Baptist Ministers' Conference.

AT SEVENTH-STREET CHURCH.

Dr. Hatcher Celebrated on Sunday His Twenty-fifth Anniversary as Pastor of Grace-Street Church,

Religious News.

The Baptist ministers of the city held their usual conterence at the Second Eaptist Church yesterday morning. In the absence of Dr. Hatcher, Dr. George Cooper presided. Dr. Hawthorne, after some talk on the Southern Baptist Convention, introduced Mr. W. E. Seal, representing the labor organizations of this city, who had been invited to read a paper before the ministers. The paper was considered the ministers. The paper was considered a great effort, and the essayist was very ducere and earnest in the expression of

ATTITUDE TOWARDS THE CHURCH. He said that the members of labor organizations in this city did not have wholesome sentiment for the Church, and contrasted the fact with the co-opera-tion of minister and laboring-man evident in England and Continental Europe.

He said that the ministers practically

rould not afford to express themselves plainly on this subject, as they were supported by capitalists—"those who sat on the handsomest and best upholstered pews in the church"—and cited an instance in which a minister of New York had made such a remark to him and his reply to the same. He asked the ministers to take the same. He asked the ministers to take a secided stand, and help the workingman in his effort for better conditions. Rev. M. Ashby Jones commended the paper for its earnestness and sincerity. He said he believed the church ought to touch the lives of the working-men, and that he heartily agreed with the paper that some forms of churches resembled insurance policies. He stated with great earnestness, however, that he knew the ministers to be closely identified with the interests be closely identified with the interests of the laboring class, and said that he himself come represent them better than the essayist. He denied emphatically that there was any contact between labor and church, citing as an instance his own church, which has but one mem-

ber who is not a working-man. He said, moreover, that he considered the wholeter saw a case of oppression of labor by a capitalist he would not hesitate to oppose it, no matter what the conseence to himself.
NO PARTY POLITICS. Dr. Hawthorne reiterated the remarks of Mr. Jones. He also denied the charge that the ministers were afraid to express themselves. He said that the labor organizations expected too much.

bor organizations expected too much, and that for his part he would do all possible to ameliorate the conditions of the working-man, but in order to accomplish this decidedly was not willing to identify himself with any political or-ganization. He said that he did not consider it necessary to go down into the slums of party politics. After some further discussion Dr. Hawthorne was delegated to draw

Hawthorne was delegated up the following resolution:

Resolved, That this conference has heard with pleasure the paper of Mr. W. E. Seal on behalf of the labor organizations of Richmond, and that it will be gratifying to us to have other representatives of these organizations come before us and present their views at such times as may be most conve them.

A few minor matters were then disposed of, among which was the appoint-ment of a committee to arrange for the annual outing at Forest Hill on June

MEMORIAL SERVICE. The attendance at the memorial service of the Hollywood Memorial Association and the Confederate organizations of the city at Seventh-Street Christian Church Sunday night was very large. The organizations attended in a body and made a very imposing scene lined uniformly in their scats. Dr. Carey E. Morgan, pastor of the church, preached a splendid sermon from Joshua iv., 4th to 7th verses, his subject being "Memorials."

William E. Hatcher celebrated his twenty-fifth anniversary as paster of Grace-Street Baptist Church on Sunday He preached the anniversary sermon at the moraing service at 11 o'clock. Ow-ing to the unfinished condition of the church, no reception was held but the enthusiasm and good-will manifested by the paster and people needed no incen-tive. A general meeting of the congregation was held in the afternoon at 4 o'clock. Reports from all the Societies, showing the affairs of the church to be in a flourishing condition, were read and considered. No service was held

nterior were made. Miss Catherine Quarles, daughter of Rev. H. L. Quarles, of Broaddus Me-morial Baptist Church, was presented or Sunday morning with a handsome gold watch and chain. Miss Quaries has been organist at the church for some time and the congregation thus expressed its appreciation of her efficient service. Mr. Quarics has not yet made any decision as to his course after May 31st.

Commanderies went to the church in a body. Rev. Preston Nash conducted the services and Rev. Mr. Rideout preached an appropriate sermon.

CONDEMNS THE CARNIVAL.

Rev. S. R. Maxwell, of he Third Christian Church, preached a powerful sermon Sunday night, in which he severely arraigned what he denominated palpable infractions of the law with the city authorities.

therities.

He said that the Carnival created a false impression as to what constitutes true greatness. "If noise, bands, parades, throwing rubber balls and calling out 'rubber-neck' constitute greatness, the Carnival was great." The spirit of the age is noise and blatant exaggeration, "yes-advertisement and blatant, lying exaggeration."

The Rosebud Society of Laurel-Street Methodist Church held a very interesting meeting Sunday afternoon in the lec-ture-room of the church. The young peo-ple made a very creditable report of their work, and the mite boxes for the special

work, and the mite soxes for the special work of this society were given to the children.

Rev. John T. Bosman, the popular pastor of Park-Place Methodist Church, is making his ministry one of success with this flourishing congregation by his excellent preaching and general work of the church. He occupied his pulpit at both services Sunday. At night he preached a strong and forcible sermon from the words, "Lovest Thou Me," and it made a profound impression on the vast num-

Rev. Dr. W. A. Barr, of Richmond, at the close of his sermon at St. Luke's Episcopal Church, of Norfolk, Sunday night, was seen by members of St. Luke's vestry and urged to come to Norfolk as rector of that church. Dr. Barr is reported as having said that he saw no better reason for him to remain at Monuthan there is for him to remain at Monu-

CHILDREN'S DAY SERVICE.

The forty-first anniversary of the Broadtreet Methodist Sunday-school Sunday morning at 11 o'clock in place of the regular church service. The pulpit was beautifully decorated with ferns, daistes and palms. The centre of the platform was a large arch, from the centre of which was swung a large floral bell of daisies, and under this came the throne built for the Queen of Flowers In the Children's Day service. FREE EXCURSIONS.

A Practicable Suggestion in Reference to School Children, A splendid suggestion was made and

heartily endorsed by a number of persons on the Jamestown excursion last Saturday. The suggestion, in substance, is: That provisions be made as early as practicable for carrying to Jamestown, on a free excursion, all the school children of Richmond, allowing each school to plant a tree on the day of their excursion. Takes for instance, Contral and sion. Take, for instance, Central and Leigh schools. On the day appointed for the excursion of this school the Pocahonta would be chartered. Teachers, pupils, and any members of the School Board who wish to attend will be carried free. Parents, friends and others who wish to go on the excursion would buy tickets say at \$1.00, and if enough tickets were not sold to outsiders to coper the actual expense of the boat, then this would be

made up by contributions from gentlemen who are interested in the movement. It is proposed to first raise a surplus fund of flye or six hundred dollars, and, in event of any of the excursions not pay ing expenses, this fund will be drawn upon, otherwise it will go into a fund for the entertainment of the children in the public schools on future occasions. The City School Board will be asked to allow the schools to take these excursions on a regular week school-day, and the teacher will be requested for a few days previous to the excursion to give a little time every day to the study of the early history of

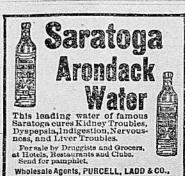

Virginia. On heard the heat many prominent hison board the boar many profiler instorians, geologists, botanists, etc., will assist the teachers in pointing out to the children everything of interest and profit. It was suggested that the schools simply be organized for work and pleasure on board of the boat on one day instead of in the school-rooms. Each teacher will take her class, spending an hour or so in the morning as they go down the James river, it being generally understood that the school children are to have the pre-ference in location on board the boat, and every facility afforded them for the study of important questions relating to the his tory of Virginia. Mrs. Bagby, Miss Pen-dleton, Mr. Joseph Bryan, Mr. E. P. Valentine, Mr. Robert Lee Traylor, Capt Frank Cunningham and other gentlemer were consulted as to the practicability and advisability of this plan.

and advisability of this plan.

Mr. Irvin Weisiger, the general agent for the James River Transportation Company, was on board, and said the steamboat company would meet the movement in a fair and liberal spirit.

It was suggested that the Association for the Preservation of Virginia Anti-culties amoint a committee to indicate
